### RESOLUTION FOR ADOPTION OF THE UNIFORM PUBLIC CONSTRUCTION COST ACCOUNTING PROCEDURES

WHEREAS, the Uniform Public Construction Cost Accounting Act (the "Act") provides benefits and conveniences to public agencies adopting its accounting procedures such as (1) increased limits on costs of public projects for new construction for which formal bidding procedures are required to the sum of One Hundred Thousand Dollars (\$100,000.00) and (2) informal bidding procedures without the necessity of publication on public projects with a cost of less than One Hundred Thousand Dollars (\$100,000.00); and (3) inclusion of maintenance contracts which may be let by informal bidding up to a value of One Hundred Thousand Dollars (\$100,000.00); and

WHEREAS, adoption of the Act by this District will enable this District to realize these benefits resulting in a savings of administrative time and expense currently required to let all contracts with a value of more than Twenty Five Thousand Dollars (\$25,000.00) for public projects by formal published bidding processes; and

WHEREAS, Public Contract Code section 22000 et seq., the Act, establishes a uniform cost accounting standard for construction work performed or contracted by local public agencies; and
