2) Placing a Board member item on the agenda

- a) The Board President and GM ultimately decides if the item is appropriate to be placed on the agenda and if so, when. If it is decided that the item is not appropriate to be placed on the agenda, the Director may take the issue up with the full Board wherein the Board by consensus may direct the GM to place the item on a future agenda for discussion.

3) Placing a public item on the agenda

- a) The Board President and GM ultimately decides if the item is appropriate to be placed on the agenda and if so, when. If it is decided that the item is not appropriate to be placed on the agenda, the public member may take the issue up with the full Board in Public Comment wherein the Board by consensus may direct the GM to place the item on a future agenda for discussion.

4) Standard Agenda Action Item Wording

- a) The Board agreed to add a "Discussion and Action Items" section to the agenda with clear wording provided on the anticipated action to be taken by the Board.

- b) The Board also agreed to provide for "fixed time" agenda items to allow for items to be considered at a specific time under certain circumstances. The Board recommends that interested members of the public show up at the beginning of

the meeting as the exact time an item will be heard on the agenda cannot be guaranteed.

Preparing summary Minutes further put the Secretary in the position of determining what statements or portions thereof were important and unimportant to include; and to understand and frame the issues from the perspective of the speaker.
