

RESOLUTION NO. 6-15

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE GROVELAND COMMUNITY SERVICES DISTRICT DECLARING A WATER SHORTAGE EMERGENCY, PHASE IV MANDATORY WATER CONSERVATION MEASURES FOR THE DISTRICT

WHEREAS, the Groveland Community Services District (“District”) has duly noted this public hearing through the posting of the agenda in accordance with the provisions of the Brown Act, and

WHEREAS, the Governor of the State of California did on April 1, 2015 declare the first ever statewide mandatory water reductions and mandated that cities and towns reduce water usage by 25% in response to a record dry winter and snow pack, and

WHEREAS, 2014 was the driest year in recorded history and 2015 is continuing the drought pattern, and

WHEREAS, winter rains, snow melt and/or mountain run-off is a major source of fresh water for the Hetch Hetchy Reservoir and regional water system, and

WHEREAS, the District’s sole water supply source is provided by the San Francisco Public Utilities Commission (“SFPUC”) through from the Hetch Hetchy Reservoir and regional water system, and

WHEREAS, because the amount of fresh water in the system is in jeopardy, a shortage will affect the ability of the SFPUC to provide the District with its normal quantity of water, and

WHEREAS, the District has established a program of phased regulations for instances of water shortages in GCSD Amendment No. 1 to Water Ordinance No. 2-10, and

WHEREAS, the District has provided for water conservation practices to be imposed in the event of a declared water shortage in Article 18 of Water Ordinance No. 2-10, and

WHEREAS, on July 10, 2014, following a public hearing, the District Board of Directors adopted Resolution 9-14 declaring a Water Shortage Emergency pursuant to Section 18.04(C) of Water Ordinance No. 2-10 in response to the drought crisis at that time, and

WHEREAS, the current Water Shortage Emergency Declaration mandates water conservation on GCSD water users, and establishes mandatory conservation measures with a water reduction goal of twenty percent (20%), and

WHEREAS, the District now must take further water conservation steps at this time and declare a more stringent level of Water Shortage Emergency to impose mandatory water restrictions on itself and its customers in order to 1) identify a water reduction goal of thirty three percent (33%)

to comply with the Governor's declaration and executive order, and 2) reduce the potential impact of further water restrictions imposed by SFPUC due to a depleted water supply, and

WHEREAS, the District finds that, in accordance with Section 18.04(D) of Water Ordinance No. 2-10, a Phase IV Water Shortage Emergency exists and that the ordinary water demands and requirements of water consumers within the District cannot be satisfied, and

WHEREAS, on July 10, 2014, the District Board of Directors conducted a public hearing in accordance with Section 18.03 of Water Ordinance No. 2-10 for the purpose of determining whether a water shortage emergency condition exists and, if so, the degree of the emergency and what regulations and restrictions should be enforced in response to the shortage.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE GROVELAND COMMUNITY SERVICES DISTRICT AS FOLLOWS:

Section 1. The Groveland Community Services District Board of Directors declares that a Phase IV Water Shortage Emergency ("Emergency") exists for the District as defined in Section 18.04(D) of Water Ordinance No. 2-10 for the reasons set forth in the recitals above and incorporated herein and that the ordinary water demands and requirements of water consumers within the GCSD cannot be satisfied due to the drought conditions.

Section 2. District staff is directed to take all appropriate actions under Article 18 of Water Ordinance No. 2-10 to enforce this Phase IV Water Shortage Emergency in order to preserve the water supply.

Section 3. This Resolution shall take effect immediately upon adoption.

PASSED, APPROVED, AND ADOPTED this 3rd day of June, 2015, by the following vote of the Board of Directors of the Groveland Community Services District, to wit:
